

Class of 1972 Updates Archive, July 2008

06/30/08 Save The Date Now: Each year several of us from the Class of 1972 get together informally and each year I have people from the Class of 1972 tell me they would have come too if they had known far enough in advance to save the date. So here's the deal...We will be getting together again in 2009 for a BBQ, sitting around with old friends, catching up, and whatever else we can come up with between now and then. The tentative date is May 9, 2009. The location is John Culbertson's Place in Woody, CA. I will be mailing out information to everyone I have good addresses for. But in the interim, write down that date and set it aside for a nice afternoon and evening in Woody... Be watching the mail in late July or early August with the details...

06/15/08 Jimmie Langston ...Alive & Well: "...A friend sent me the link to the "Where Are They Now' site. It shows my LKL as Nipomo, CA. I moved from there to Seattle, WA for two years and just recently moved back to Shell Beach, California."

✚ Jimmie Langston

06/10/08 Cynthia 'Duffell' Chunn: Sent a nice email with a bunch of good information on where people are and what they're doing. I really appreciate this kind of email because it's what makes a web site like this worth doing. Today I made updates on the pages for locations, emails, and for several class of 72' classmates. Patty & Gary Jeffers are now living in Round Mountain, Nevada. Rebecca 'Mize' Beck is now back in Bakersfield, CA. If any of you readers have class of 1972 information, send it my way so we can get it posted....Locations and email addresses (with the owner's permission) are appreciated. If anybody is in 'witness protection' don't send me their location.

06/03/08 The Passing of an Arvin High School Icon:

✚ The Barle family informed us this afternoon that Mr. Frank Barle – for whom our stadium is named – passed away this morning at 10 a.m. Mr. Barle taught, coached and served as athletic director at AHS. He was a member of the 49ers – the group of staff members that were the first teachers at Arvin High. Mr. Barle attended our football games regularly. He never forgot a name and could identify a student even 50 years after they had been in his class. He was a true gentleman and a Bear through and through. We will miss his gentle presence and keen sense of humor. The family will notify us of funeral arrangements which we will share with you.

✚ Blanca G. Cavazos, Principal
